RE: MB Docket No. 04-233

To Whom It May Concern:

I am writing you today in regards to the above named proceeding regarding K-LOVE which I currently listen to at signal 90.5 FM in Albuquerque, New Mexico. Since I first began listening to K-LOVE several years ago, it has made a tremendous difference in my life. In fact, it is one of the only stations that I will keep on a preset dial. K-LOVE serves in many ways to benefit my local community by providing a positive message not only for the youth (although, that would be reason enough), but for people such as myself. It also keeps us up to date on current national and local news. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming in this community, you would have a LOT of disappointed New Mexicans. I can't even imagine the negative effect that would be on this community (please, please do not do this!) I completely believe that the services provided by K-LOVE are in the public interest here for reasons listed above. There are a couple of other Christian radio stations in New Mexico, but nothing comes close to what K-LOVE provides. K-LOVE is helping many residents in this community live informed, positive and peaceful lives. I am available for comment if needed.

Thank you for your consideration in this matter!
